

## Frozen Dessert Display Cabinet

Presentation is everything! Carpigiani's display cabinets are a great way to highlight your products. They are superior in quality and engineering, and efficient in operation. Among their characteristics, the heavy duty refrigeration system; even cabinet air circulation and hot gas condensation control, which guarantee maximum product stability; semi-hermetic compressors; and so much more. *Don't settle for anything less!*

### Features Include:

- Low profile pan display provides excellent product viewing
- Extra pan storage (5 liter – under display pans)
- Glass side panels allow your customers to view your products from either side
- Well lighted display area
- Hinged front glass unit has heat strips for humidity (condensation) control
- Sliding Plexiglas doors on serving side minimize product shock during idle times
- Electronic temperature controller provides accurate cabinet temperature
- Programmable defrost control
